

Sebastian Rücker

Engineering Leader, AI Expert, Tech Visionary.

mail@sebastianruecker.com | [GitHub](#) | [LinkedIn](#)

Currently

Building intelligent agents to revolutionize soft skill learning.

Specialized in

AI platforms, agentic apps, team leadership, full-stack development.

Research interests

Agentic systems, deep learning, microservice orchestration, time-series AI.

Experience

07/2024 – Present

Head of AI, Lang & Schwarz Gate, Remote, Germany

- Building out AI capabilities to enable more effective trading strategies

10/2024 – 07/2025

Head of Backend and AI, *CognitiveStream.AI*, Remote, Germany

- Build agentic video chat app using LLAMA3.3, Whisper, Firebase, Node, React, React Native
- Enables interactive soft skills training with virtual coaches

11/2022 – 10/2024

Head of Engineering, *Compredict*, Remote, Germany

- Led AI platform development for virtual sensors using AWS, React, Python, FastAPI, TensorFlow, K8s, Istio
- Delivered MVP on schedule; built and mentored a strong dev team
- Integrated DL models into ML Ops: CGNNs, WaveNets, Transformers

04/2021 – 11/2022

Head of Applications & ML, *Optiipay*, Berlin, Germany

- Launched loyalty rewards platform powered by open banking
- Built scalable microservices, recommendation engine, and led cross-functional IT

04/2020 – Present

Founder, *coachweasel.ai*, Frankfurt, Germany

- Developed AI-enhanced video coaching platform using React, React Native, Firebase

- Integrated posture feedback with TensorFlow and PoseNet

01/2020 – 03/2020

Lead AI Engineer, *QiO Technologies*, Potsdam, Germany

- Built prescriptive DL model for steel furnace optimization
- Deployed prediction microservices for energy & cooling efficiency

05/2017 – 12/2019

Team Lead Data Science, *Advisori FTC GmbH*, Frankfurt, Germany

- Led team growth and AI strategy; delivered diverse ML projects
- Key work in NLP, time series, forecasting, logistics, and cyber risk

11/2013 – 05/2017

Senior Consultant & Dev Lead, *EXXETA AG*, Leipzig, Germany

- Led simulation engine for energy portfolio optimization
- Applied VECM, ML, and high-performance computing for trading

06/2010 – 11/2013

Consultant, *EXXETA AG*, Karlsruhe, Germany

- Guided risk/trading transformations; led quant hiring and training
- Built valuation models for derivatives and gas storage

10/2009 – 04/2010

Diploma Thesis, *Commerzbank*, Frankfurt, Germany

- Hedging algo in Python, backtesting in R, live tick data systems

02/2009 – 08/2009

Intern, *Commerzbank*, Frankfurt, Germany

- VBA/Python tooling, trading data analysis

Education

2004 – 2010

Diploma, *Ingolstadt School of Management*, Germany

- Finance, Statistics, Business IT
- Thesis: Limit-Order Algo from Time-To-Execution Model (A)

2007 – 2008

Exchange Program, *Marquette University Business School*, USA

- Bank Mgmt, Currency Mkts, Intl Finance

Language Skills

- **German:** Native
- **English:** Fluent

Skills

Leadership & Strategy

Cross-functional team leadership, strategic planning, innovation

Architecture & Methods

Microservices, DDD, UCD, TDD

Project Management

Scrum (PSM II), Agile, Design Thinking, Jira

Programming

Python, TypeScript, Go, C#, JavaScript

AI & ML

TensorFlow, Scikit-Learn, R, PySpark, Cython, Deep Learning

Web

React, Redux, Flask, Firebase

Cloud & DevOps

Docker, Kubernetes, AWS, GCP

Databases

PostgreSQL, MongoDB

Security & Compliance

InfoSec, Data Privacy

Emerging Tech

Blockchain, Edge Computing

Soft Skills

Mentorship, Communication, Decision-Making

Vendor Relations

Partner development, contracts, evaluation

Speaking Engagements

2019-04-11

Big Data AI Summit, Berlin

- "Can AI Prevent Crimes? A Live Show."

2019-05-16

Digitale Tage, Düsseldorf

- "Verbrechensvorhersage"

2019-06-24

TDWI, München

- "Crime Prevention Using AI"

Personal Interests

- Game Development: Unity, Godot, Blender, VR
- DApps: Ethereum, Solidity, React, Metamask
- Algo Trading: AWS, Python, MySQL, R
- Sports: Boxing, Jogging, Skiing, Dancing
- Literature, Philosophy, Coffee
